The New Stamp For Georgia

OFFICIAL announcement of the new Commemorative Postage Stamp in honor of the founding of the colony of Georgia by General Oglethorpe in 1733 was made in the Postal Bulletin of January 25.

That the record may be kept by collectors who wish to preserve the same, a reprint from the Postal Bulletin is offered herewith.

sale February 13, 1933, at the post office in Savannah, Ga. The stamp will be on sale at other post offices as soon as production will permit. For the benefit of stamp collectors, the General Oglethorpe stamp will be available for sale at the Philatelic Agency, Post Office Department, Washington, D. C., on February 14, 1933. The agency will not, however, prepare covers.

Postmasters at direct and central accounting post offices may submit requisitions to the department on Form 3201-A, endorsed "Oglethorpe," for a limited supply of the new commemorative stamp. Owing to the small quantity to be printed, it will be necessary for shipments to individual post offices to be reduced to a minimum. Postmasters are further advised that, because of the limited time

General Oglethorpe Commemorative Stamp

Third Assistant Postmaster General,

Washington,
January 24, 1933.

Postmasters and employees of the Postal Service are notified that the department is preparing to issue a special postage stamp in the 3-cent denomination to commemorate the two hundredth anniversary of the settlement of Georgia, and in honor of General Oglethorpe, the founder of the colony.

The stamp is of the same size as the regular issue, 75/100 inch by 87/100 inch in dimensions, without border, and is printed in purple ink. In a horizontal line across the top of the stamp in solid Roman letters are the words "United States Postage." The central subject of the stamp is the likeness of General Oglethorpe, wearing a coat of armor. In each lower corner, within an upright rectangular panel with tinted face and narrow white line border is the large numeral "3" in white Roman. In a narrow panel at the bottom of the stamp is the word "Cents" in white Roman. On a white ribbon directly above the base panel is the name "General Oglethorpe" in dark Gothic letters. On either side of the head, arranged perpendicularly, are the dates "1733" at the left and "1933" at the right.

The General Oglethorpe commemorative stamp will be first placed on

available, it will not be possible to complete the distribution to post offices until well after the date the stamp is first offered for sale. Postmasters at district offices may obtain a small quantity of the General Oglethorpe stamp by requisition on the central accounting postmaster.

Stamp collectors desiring first-day cancellations of the General Oglethorpe stamp may send a limited number of addressed covers, not to exceed a total of 25, to the postmaster, Savannah, Ga., with a cash or postal money order remittance to exactly cover the value of the stamps required for affixing; other postage stamps will positively not be accepted in payment.

Covers will be accepted from individual subscribers only, and each cover must be properly and legibly addressed. Special care must be taken in addressing covers to bear blocks of stamps to allow sufficient clear space for the attaching of the stamps. Compliance can not be made with unusual requests, such as for the affixing of stamps bearing plate numbers or the irregular placing of the stamps on covers, etc. Requests for a supply of uncanceled stamps must not be included with orders for first-day covers. Uncanceled stamps of the new

commemorative issue desired for collection purposes may be obtained from the Philatelic Agency, Post Office Department.

F. A. Tilton,
Third Assistant Postmaster
General.

St. Louis Club to Hold Stamp Exhibition

All details of arrangements having been completed, everything is in readiness for the opening of the Midwest Stamp Exhibition to be held in the Mart Building in St. Louis, Mo., from February 18th to February 25th, 1933, both dates inclusive.

This Exhibit, sponsored by the St. Louis Stamp Collectors Society and Collectors Club of St. Louis, will be staged on a rather imposing and extensive scale and of considerable and greater importance than anything of this nature ever before attempted by the members of these Clubs. Owing to the unusual and growing popularity of Philately in this city, it is felt that this event will meet with a tremendous response from the public. The Exhibit will open February 18th at 10 a. m. and remain open daily from 10 a. m. to 10 p. m. and closing Saturday, February 25th at 6 p. m. These dates make possible an eight day exhibition and including Washington's Birthday will afford ample time and opportunity for the public to visit the view and display to its heart's content.

In connection with the regular Exhibit, a certain amount of space has been set aside and reserved for the sole benefit of school children or members of School Stamp Clubs of the city and county who may desire to display certain parts of their collections in this section. All displays entered by Juniors will be judged by

a committee and prizes awarded on the respective and relative merits of such Exhibits.

Another feature attempted by the Committee in charge calls for registration of all visits, who after viewing the displays, will be asked to indicate on a card their own individual choice of a display, which in their opinion, is more desirable in relation to the others. This information, when compiled, will prove interesting as it will present an opportunity to determine the public's and non-collector's sense of popularity of the various countries and stamps.

The committee in charge of the Exhibition is headed by Dr. Hugh McCulloch who in turn is ably assisted by C. C. Wagner, H. O. Nouss, Dr. Lister Tuholkske and W. H. Rauert. Any collector desiring to contribute to the success of this event by displaying any part of his collection will kindly communicate with Mr. H. O. Nouss, 1301 Bell Tel. Co. Bldg., St. Louis, Mo. After the closing of the Exhibition at 6 p. m. on Saturday, February 25th, the Annual Banquet will be held in the Mart Bldg. This event to which the public is not invited will be reserved entirely for members of stamp clubs, their families and such guests as they may have.

Broadway Chatter

By Bi Stander

STOP PRESS.—A. C. Roessler, an old time dealer in stamps was arrested in Newark on January 30th after being indicted by the Federal Grand Jury on an indictment charging the use of the mails to defraud. Roessler, who lives at 140 South Orange Parkway, Newark, was released on \$1,000 bail. Roessler advertised he had an exclusive contract with Sir Hubert Wilkins, polar explorer, that Wilkins would autograph letters carried by his submarine, Nautilus, in his recent Polar expedition from England. It is charged Roessler, on account of the demand for such covers, counterfeited a fac simile of the New York cancellation stamp to cancel the stamps on covers.

Precancels

Information regarding new issues and notes of interest on all Precancels, other than Buro Prints, should be sent direct to the Editor of this column.

K. M. GIERHART, BALTIMORE, OHIO

The announcement of the Coolidge memorial stamp brings to mind that the same sort of stamp was issued almost ten years ago for Warren G. Harding. The widespread precancelling of this stamp is often referred to as an orgy, which no doubt is a good description of the situation, for fakes, favor seeking, speculation and exorbitant prices was prevalent everywhere. After ten years many of these stamps can be bought for less than half of what they sold for in 1923. A collection built then at current prices has depreciated considerably and was in no means a good investment. The price on Black Hardings has hit the bottom now, the really good ones will go up and the junk will still be junk. I imagine that the release of the Coolidge stamp will have a good effect on the market for Black Hardings, that it will revive interest in them again.

I point out the above happenings about the Black Harding for my readers who did not collect precancels at that time, and were not aware of conditions. And I wish to advise you NOT to pay high prices for any of the Coolidge stamps unless you are reasonably sure they are worth it. For I have no doubt that there will

be those who will start shenanigans as soon as the stamps are released. There is not so much to fear now because the catalog makers have adopted a policy that puts a blight on favor and unnecessary issues, and the fellow that asks a high price for his stamps has only his individual reason for such prices and will not have the backing of the catalog. You can rest assured that Hoover Bros. will be very careful about the listing and pricing of the new stamp as they well remember the Black Harding.

The issuance of buro prints in the higher values offers a peculiar situation. In general precancels, the horizontal stamps with the precancel reading up is regarded as a normal stamp and is mounted in the set with lower value normals, likewise those reading down are considered and mounted as an invert. All buro prints as you know are printed normal only yet all the higher horizontal values read down. Now then will the general precancel collector have to revise his ideas on what is normal and what is inverted, and remount his stamps, or will a general precancel reading down be an invert and a buro print reading down be a normal? Maybe the general collector has been wrong all along and didn't know it?

A correction in my story of the Minn. 5c red error precancels. Mr. Allen never purchased same. My apologies to Mr. Allen. Now about some precancels I ran across from Madison, Wis., in a bright red-purple ink. They look like one subject affairs, run the long way of the stamps, Madison, Wis., is in one line, no bars or lines above or below. Have this on the 10c and 20c value. Who has other values and knows anything about these stamps?

Short Notes—5c Olympic from Sioux City, Ia., inverted; Red Bank, N. J., in a hand electro; Union City, Ind., hand electro; Huntington, W. Va., 3c Stuarts from Pueblo, Colo., Peoria, Ill., and Roanoke, Va., in their usual large types. Granville, O., has new hand electro, have it on the 2c due. 3c Webster from Amarillo, Texas.

Denmark was the pioneer in Tuberculosis Christmas Seals and their seals are very popular with collectors all over the world. The first seals were issued in 1904 thru the efforts of Einar Holbell, and have appeared each year since. All the seals of Denmark, except 1917, bear the word "Julen" "Jul" or "Julemaerke" denoting Christmas. To Captain H. M. Andersen, Harbor Master, Elsinore, Denmark, who is probably the best informed man in the world today concerning Tuberculosis Christmas Seals, we are indebted for the following information relative to Danish Official Christmas Seals:

(1) 1904, violet. Queen Louise. Artist, Alfred Jacobsen. Serpentine perforation. "The first Christmas Seal."

(2) 1904, the same with ordinary perforation.

(3) 1904, the same. Lithograph. 100p. Made special for the Danish Royal family.

(4) 1905, multicolor. Children at the Spring of Health. Artist, A. Jacobsen and P. Schultz.

(5) 1906, green and black. King Christian IX. Artist, A. Jacobsen.

(6) 1907, light blue and black. No date of year on seal. King Fredrik VIII and Queen Louise. Artist A. Jacobsen. Inscription "Glaedelig Jul; Godt Nytaar."

(7) 1908, dk. blue and yellow. No date on seal. Xmas-Seal—Sanitarium at Kolding, Denmark. Artist, A. Jacobsen.

STAMPS Stamp collectors can well feel proud of their hobby and the admirable way in which it has weathered the storm of the past few years. It is clearly evident to anyone who is able to observe that the interest in stamp collecting is greater today than ever before. It should be as clearly evident to anyone who takes time to consider this thought that there is need for a vast amount of material to supply the needs of this army of new collectors. 'Tis true that the bulk of the demand is for the commoner and cheaper class of stamps, the picture material, the attractive sets, those stamps which tell a story on their face. Dealers who have catered to this line of trade are doing a very satisfactory business and such falling off of trade as has been noted has been principally in the higher priced material. Not the extreme rarities, for they seem to be holding their own but in the line of stamps from a few dollars up to the hundreds of dollars. Even in this line however the market has not been

flooded with collections of fine quality material for the holders of material of this class have been able to weather the storm and the principal difficulty of dealers catering to this class of buyers has been that this particular class of buyers are temporarily out of the market. They are however holding on to their stamps for they have learned that their stamps have turned out to be their best investment.

Consider other lines that properly come within the luxury or hobby field. Rare china, bric-a-brac, paintings and such objects of art are suffering far more than stamps and this is principally because the big business in these lines has always been the high figure business. Such lines have no vast following of buyers of the lower priced items because there are no lower priced items as compared with stamps. In the line of paintings, prices start at a considerable figure and buyers of this class of goods are almost entirely out of the market.

On January 18, the art collection of the late Dr. French of Rochester, was sold at auction. Paintings considered worth thousands of dollars a few years ago were knocked down for almost nothing. A Stuart portrait of Washington for which Dr. French is said to have refused \$100,000, was sold at \$300. Other choice paintings went at even lower figures so that we stamp collectors can well feel proud of the stability of our hobby.

STAMPS AS A HOBBY The author of a column on Stamp Collecting in the Indianapolis Star of January 15, gives some very pertinent and sound advice in a short paragraph. This writer says: "Sooner or later every stamp collector begins to realize that some people are making money selling stamps. Then they begin wanting to sell them, too. Remember this: more fail at that game than succeed. Successful stamp dealing requires years of experience with stamps and keen business ability."

THE STAMP ILLUSTRATION LAW A new bill is before Congress at the present time for liberalizing the law prohibiting illustration of U. S. stamps. It must be understood by collectors that the various objections against such illustrations have not as a rule been on the part of the Post-office Department. The law forbidding illustration of stamps has been the result of demands from the Treasury Department which department is responsible for the safety of United States securities.

As the Iowa City Press Citizen says, "The probability of forgery under laxer rules, one of the reasons for such strict regulations, has been pronounced as almost negligible. Foreign governments permitting illustrations of postage stamps have had no serious problems of counterfeiting with

Dr. Mitchell, Sister Carmela,
Precancel Stamp Co.

Two fine precancel auctions for late January were held by The PreCancel Clearing House of Newark, N. J., and Walt Black of Kansas City. Both sales offered nice items. You can get their catalogs on request.

Advance copy of Lawrence Bros. February precancel auction shows some nice buros offered. The scarce Batavia compound 1½ old type, also a copy of the 6c New Orleans experimental. All the errors are offered as well. Get your sale catalogs on request.

A fine lot of plate breaks from the Buro Print Stamp Co. of Jackson, Mich., came in and we were able to match up some Harrisburg, Pa., old type breaks that we have been looking for, for a long time:—

Harrisburg old type coil 1½c: first stamp to the right of the gap with the first and second "R" of Harrisburg badly broken.

Harrisburg, B11 2 and 3c ordinary, with the "P" of Pa. badly shattered.

Capt. Harry Pforzheimer says it's old stuff, but he surprised us with a couple of copies of the old type Atlanta with the middle "A" of Atlanta plenty LOW. This type oddity is quite as easy to detect as the Louisville low "Vs". We have both the perf ten and the compound of the old type showing the dropped letter.

P. A. Sturtevant of Pueblo, Colo., sends in a lot of Denvers for break hunting and we will have a review of these a little later on. Denver breaks are all interesting and are real breaks, with no chance of ink oddities creeping in.

BROADWAY CHATTER

By BI STANDER

Edward Buser, Jr., formerly with J. M. Bartels of 116 Nassau Street, and Mrs. Sophie Buser, his wife, have opened a stamp concern at 87 Nassau St. Mr. Buser, Jr., comes of a family of stamp dealers as his father is Edward Buser of the Cross Stamp Company of Newark, N. J., as well as his brother Max Buser associated with his father.

E. Volz of 395 Fulton Street, Brooklyn, has associated himself with Mr. Shellenberg to carry on auctions as well as a general stamp business at 427 Fulton Street, Brooklyn. Mr. Volz will keep his stamp business at 395 Fulton St., but the management of the other place under the name of the Central Stamp Company, we understand will be mainly in the hands of Mr. Shellenberg.

The Metro Stamp Company of 1482 Broadway of which Irwin Heiman is the manager has absorbed Paul Wise, Incorporated, who has been in business for some years. Mr. Wise is a widely travelled person having been in a foreign service some years ago. He knows his South and Central America and other groups of countries overseas such as New Zealand, etc.

A racket was tried on us some time ago that has fooled some collectors. A person with an Irish brogue met us outside of a street stamp shop and stated he had seen us go in there. Would we buy an original unpicked foreign mixture at a price which to our mind was a little below the market. A handful picked out of a pound envelope on the paper looked good but we were firm enough to say NO. It turns out that this individual has taken in many because when the mix-

Precancel, a complete, perfectly centered, almost invisibly cancelled set of 12 Washington BiCents, in used blocks of four. This is a good way to cash in on your duplicates. These twelve beautiful blocks will be worth twice what they cost you this way.

\$ \$ \$ LOTS \$ \$ \$

90% of our trade is in fine British Colonials on approval. This doesn't leave us much time for sidelines, so we have a large accumulation of surplus stock containing many highly catalogued and attractive stamps. These have all been put into \$1 lots for quick sale. They contain stamps on album leaves and approval sheets, good covers (including War covers), old British Colonials, foreign pictorials, etc., etc. Slip a dollar bill into an envelope today and write a lot. All lots have a high catalogue value, we guarantee absolute satisfaction, and will refund your money by return mail if not satisfied. H. A. L. Hughes, Church Street, Peterborough, England. (S. P. A. 6286).

ture is taken home and gone over carefully it is found to contain a mass of junk. Moral. Buy from an established dealer mixtures you want.

Mr. J. W. Scott, formerly located on 125th Street has fitted up a very fine place in the Galvin Building, 236 West 55th Street, and has a nice stock. Mr. Eric H. Kling, formerly of Frank P. Brown Co. of Boston, a man of much experience will conduct the auction sales and we understand their first auction will contain part of an \$85,000 collection and has some splendid U. S. in it.

We know now what makes stamp dealers hair grey. Another person this time with a Russian accent, asks for U. S. that the dealer usually has not. Will the dealer get it for him? Certainly in a half an hour. The dealer scurries to get it and in some cases pays for it and the man does not come back. Some reasons for this strange action has been mentioned some of which are harsh to say the least.

Another stamp dealer in the person of Louise H. Braun of the feminine sex has opened up a place in conjunction with her father who is a printer, in a downstairs store at 301 Atlantic Street, Brooklyn. Miss Braun formerly worked for a dealer named Weaver, who is now out of that location at 41st Street and Broadway.

Now that the new microscopic eyeglasses seem a success and people with as little as 2% of sight can go about their tasks we feel that the comeback in "Linn's" of January 21st, page 203, that our paragraph about mission mixture is not so "hot". We think this new invention will keep many out of the home for the blind, but we caution our readers if they persist gazing at mission mixture to be sure of their stamp gauge as one of our friends went thru some pounds, thought he had some high priced perforation varieties and found he was all wrong.

A-HA! Here's LATEST DISCOVERY FOR QUICKLY REMOVING STAMPS from paper, as attempted by our good friend Joe Duffy. Take part of a good mixture and shake well in a cocktail shaker (Why, Joe, of all people) filled with warm water. Joe says it worked well but sawed off every one of the perforations to the bottom of the shaker. Well! Well!
